Subject: problem with gym member

Dear Pleasant and Christine,

I have been requested to write a letter to you explaining an incident that happened to me whilst training in the Mount Dora Golds gym earlier in the year.

A woman I have seen frequent the Gym on many occasions made comments to me basically accusing me of looking at her and watching her whilst she was training, this incident took place whilst I was on the step trainer on the left hand side of the gym adjacent to the fast track area, I had a friend who was working out on a cross trainer the next but one to my right, I leant forward to say something to her and had to talk across the complainant I believe to be named "Roberta" she immediately started accusing me of harassment, at first I thought she was joking but in fact she was deadly serious, I explained to her I was doing nothing of the sort and not to flatter herself, I just had something to say to my friend "Debbie" this was the first and last time I ever talked to this Roberta.

I have also witnessed her shouting and accusing another club member whom I know as Kevin of looking at her and saying things to his friends about her, on this particular occasion I was in a group of other people talking of things in general when she did so.

I hope this helps to understand the complexity of this lady whom I believe thinks she is so good looking that she is "god's gift to men" unfortunately this is far from the truth and indeed flatters herself far too much as her Train has well and truly left the station a long time ago.

Best Regards

John Dent
