

Why would she do this...Money...It has always been about MONEY.

When did the trouble start?...2 weeks after my friend Debbie told her I had money!

First you need to look up her husbands criminal records at Mugshots.com.

Then you will get an idea of the kind of people these are...Criminals

You can read about all the trouble in the injunction lies...Her lies caused me to...Speak with Gym Management...Then the Police Dept...Then I was served an injunction. She got thrown out of the gym and I won my injunction hearing.

I decided to sue for my money back and included a paper in my small claims case that Golds Gym had given me. It had her email and phone number on it. **Now the trouble really starts!**

I was not trying to hide this paper. I wanted to show she was writing these papers online about me. I included it in my small claims case so the world could see.

Well two people see an opportunity to sue Golds Gym, because they accidentally gave me some of her information. But in order to do that they have to go through me. They have to claim hardship...stress... Believe you me it has been hardship and stress for not only myself, but my family as well.

So read on through my 13 month ordeal of hearings...filings from Lake County to Broward County. Let me know what you think of the case?

I have been told she has paranoid personality disorder. Would you agree? I have also been told they are criminals...well I could figure that out on my own.

I do not understand why the Lake County State Attorney and the Broward County State Attorney do not go after her. They cannot get her for Golds Gym, but they can sure get the both of them for what they have done to my life for the past 13 months.

I could not include everything, but I put alot into this website...Look at Christine Swaine's letter from Gold's Gym. This pretty much sums up the type of person she is.

Thank You
